PATENT CERTIFICATE FOR INVENTION

Title of Invention: AEROSOL CONTAINER, AND DETAILS
THEREOF
Inventor(s): SAHLSTROM, Mikael; HAGMAN, Kenneth
Patent No.: ZL 201580014914.6
Application Date: February 27, 2015
Patentee: PURPLE HOLDING AB
Date of Announcement of Grant: October 12, 2018
Number of Announcement of Grant: CN 106103300 B

After the examination was performed according to the Patent Law, the present office decides hereby to issue a patent right and the present Patent Certificate, and to register the right on the Patent Register. The patent right will be effective as of the date of announcement of grant of patent.

The term of the present patent is twenty years, counting from the application date. Patentee should pay annuities according to the provisions prescribed in the Patent Law and the Implementing Regulations. Payment of annuities for the present patent shall be executed before February 27 each year. Failure to pay a prescribed annuity would result in the patent right ceasing when the term for payment of said annuity expires.

The present Certificate discloses items of the legal status as the patent right was recorded. Items of transfer, pledge, invalidation, cessation and restoration of patent right, as well as change of patentee's name, nationality, address, etc., are recorded on the Patent Register.
